Telephones play a large part in our lives. Anytime we want to "reach out and touch someone," all we have to do is lift the receiver and let our "fingers do the walking" around the dial.

The Echo staff hopes this '82-'83 school directory of our year will help you to reach out and touch the memories of your experiences.

We need all the help we can get!

Please don't make me do the dishes! It Isn't macho!

Hopeless cases

"All the world's a stage"

Mr. Laman can be so stubborn, sometimes!

But this is your best side.

You guys want to make mud pies?

"What I'd really like is no homework!"

They won't let us play.

Don't ask!

Most we've done all year!

I helped make it, but I ain't gonna eat it!

I cover everything.

This is giving me a headache.

Did you hear the latest?

It's really kool aid, not wine.

"Hey Troy, Jav's taking our picture."

Just restin' my eyes.

General Hospital, here I am!

"I hope he doesn't expect a tip!"

Mr. Sanderson
Hi, I'm real glad I
had you for teacher. Good
Luck next year Cher!

Mr. Sanderson,
You're a pretty good
teacher and this year
was pretty cool, except
that Knister got the
Stupid Science award. I
guess I'll never be a scientist,
you still owe me those 19pts,
'cause I agreed to "the rest
of the year" which was only 2
weeks from when I signed it.
You also got mean at the end of
the year - you almost kicked me
out twice. Lam just stole my
pen so I'll write in black.
Hope you Have a Great
Summer! I hope you have someone
just like me in your class next year.

See ya!
